Searching for Santa Claus

We start our excursion with a fifteen-minute car drive which takes us to the middle of magical forest where Santa Claus is known to have a secret place. Our search takes us through the forest to an old log cabin where an elf serves us gingerbread and a special Christmas drink. Additionally, you can make some Christmas or Lappish decorations to take back home. There are also exciting outdoor activities available such as tandem skiing, tobogganing, snow shoeing, kick-sledding and frying sausages by the open fire.

An elf will take each family individually to meet Santa, who rests in a cabin nearby. After a short snowmobile sleigh ride, we hop on a reindeer sleigh, which then takes us to Santa. Together these rides take just under ten minutes. All children will receive a present from Santa. Children can also write letters to Santa which he will talk about with the children when he meets them.
